RE: Notice of Oral *Ex Parte* Presentations – WT Docket No. 05-302

Dear Ms. Dortch:

On November 1, 2005, Todd Lantor, Chief Regulatory Counsel of Nextel Partners, Inc., together with Jason Friedrich of Drinker Biddle & Reach and the undersigned, met with Barry Ohlson, Senior Legal Advisor, Legal Advisor for Spectrum & International Issues to Commissioner Jonathan Adelstein.

During the meeting, the participants discussed the substance of Nextel Partners, Inc.'s Petition for Limited Waiver of the December 31, 2005 deadline for achieving ninety-five percent penetration of A-GPS capable handsets, associated with the above-captioned docket. Specifically, the participants discussed company reaction to a Motorola software glitch on A-GPS handsets that adversely affected Nextel Partners' ability to reach ninety-five percent handset penetration within their customer base by December 31, 2005. The participants also discussed Nextel Partners marketing plans to encourage subscribers to upgrade either their handset software or their non-A-GPS capable handsets as well as the company's projected timetable for compliance with the ninety-five percent penetration benchmark.

If you have any questions, please contact the undersigned.

Respectfully submitted,

Laura H. Phillips

Counsel to Nextel Partners, Inc.
